✅ PROPOSAL 1: DroneScope Media

1. Organisation Overview

Name: DroneScope Media

DroneScope Media is a start-up digital media business based in Lenasia, Johannesburg. The business specialises in drone photography and videography, offering aerial visuals for events, real estate, and promotional content. The idea behind the business is to provide modern and creative media solutions using drone technology, which allows for unique camera angles and high-quality visuals.

Mission:
To provide high-quality and creative aerial photography services that meet client needs.

Vision:
To become a leading drone media company in Johannesburg.

Target Audience:

- Event organisers
- Real estate agents
- Small businesses
- Social media users

---

2. Website Goals and Objectives
